

9/13/2024

Hi Rotarians,

Last Tuesday our Club met at the Charlton School and received an update on the construction phase's progress from Alex Capo. We presented Alex with our annual donation check and enjoyed a chicken barbeque dinner in the school's pavilion. Alex led a tour of the new construction area. Our exchange student, Julia, and our host couple, Mike & Joy Zuritis attended the meeting.

***Everyone please remember that tomorrow, September 14th from 9:00 AM to noon we will be working on trail maintenance at Anchor Diamond Park.***

The web site has been updated to show meeting information on the Rotateller page via the President's weekly newsletter email. This is intended to facilitate area visitors interested in attending our meetings.

Please note that our Rotary sign's around the area have been updated to show our web site for instructions to our meeting place. The Lunch Thyme address is on the Home Page.

**Some of the upcoming activities and dates follow:**

- September 14th: Saturday: Anchor Diamond Park 9:00 AM to 12:00 PM
