

8/21/2025

Hello Rotarians,

Please note that our work project at the Charlton School which was scheduled for **8/26** from 4:00-6:00PM has been **CANCELLED**. We will be meeting at Lunch Thyme on 8/26 at our usual time. We will be having a club assembly. Please come with ideas for speakers and work projects.

Our community program presented by Lt. John Hildreth on the Civilian Response to Active Shooter was well attended. His presentation was very informative. He was able to present serious, thought provoking information in a non threatening manner.

The food pantry needs our help. The box was empty this week. Fortunately, one of our members brought some tomatoes from his garden. The person who was responsible for taking the items to Galway also had a contribution. It is important for us to support the Galway Food Pantry. Hunger is a serious issue which may only get worse. The food pantry could use small bags of sugar, which are available at the dollar store, and mayonaise

Golf Tournament 9/13/2025 We need more golfers and sponsors. Please let Mike know how you can help.
