

10/4/2026

Hello Rotarians,

We had a very productive club assembly last Tuesday. Suggestions were made for service projects that are within our capability. Members stated that they were satisfied with our speakers. Some suggested future topics included AI, new graduation requirements, speakers from local industries such as Regeneron or Global Foundries, banking/investment strategies, and medical care/insurance. Any suggestions for speakers would be greatly appreciated.

Town In Bloom Clean Up Day is scheduled for Saturday October 17th at 9:00AM. Please plan to go to your planting site for clean up. We will be saving the canna tubers for use next year. Pasquale from Bulldog Nursery will keep them for us. The town will place a truck at the library for us to place our waste. We will enjoy refreshments at the south sign upon completion of clean up.

Plans are underway for the Annual Apple Pie Festival which will be held on Election Day, November 3rd from 5:00-8:00PM. at the Middle School on Lakehill Road. Tickets are \$8.00 per person again this year. We will focus on community engagement. Peter Sawyer is contacting community organizations again this year to set up information tables. We will have two student music groups perform as well as the Melody Makers.

We are planning to place a bench in memory of Ray Callanan on the Ballston Lake end of the Veteran's bike path. Donations for this memorial bench can be given to Steve Geene by the end of October.

Rotary Schedule:
